

Name _____

Summer Reading for Students Entering First Grade

Each child going into first grade is required to read 10 books (or have 10 books read to him/her) each month for July and August. A list of titles and authors can be located on the back of the Summer Book Report. These are suggested books. Any grade appropriate books or other books by the same authors are acceptable. Please keep a list of the dates, titles, and authors using the reading logs provided. Choose one of the books and fill in the Book Report Section attached. Bring both sheets to school on the first day. They will be used for the first book report grade.

Happy reading adventures this summer! Read as much as you can!
